### Sinking Fund Sufficient To Redeem Entire Issue at or Before Maturity

**As a Sinking Fund for the retirement of the Bonds, the Government of Uruguay agrees to pay to The National City Bank of New York, Fiscal Agent of the Loan, \$300,000 annually, during the first ten years, in equal quarterly installments, beginning November 1, 1921, and sums sufficient to retire each year during the remaining 15 years, at least one-fifteenth of the Bonds outstanding August 1, 1931. Sinking Fund payments shall be applied to the purchase of Bonds in the open market, if obtainable, at not exceeding 100 and interest during the first five years, and at not exceeding 105 and interest thereafter. The unapplied balance of each quarterly payment during the first ten years will revert to the Government. After August 1, 1931, Sinking Fund moneys will not so revert, but shall be applied to the redemption of Bonds by lot on semi-annual interest dates at 105, if sufficient Bonds are not purchasable at or below 105 and interest, to exhaust the same.**

These Bonds are the direct credit obligations of the Republic of Uruguay, which agrees that, if in the future it shall issue or dispose of any Bonds or loan secured on revenues of the Uruguayan Government, the service of this loan shall be a prior charge on such revenues over such subsequent issue except in the case of mortgages on public utility properties made by the Uruguayan Government to secure obligations issued for the purchase or construction of works of public or industrial utility, and except also in the case of local assessments levied to supply funds for construction of public works or for the service of any debt made for any other similar purpose.

We offer these bonds if, as and when issued, and received by us, subject to approval of counsel.
